2000 Analytical Review DWCCA-6545-PJL

Dear Mr. Winoske:

The Public Service Commission staff has completed its analytical review of your 2000 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. Our review did not identify any such issues. You did a good job completing your annual report.

However, we note that the utility is still not testing meters as required by Wis. Admin. Code § PSC 185.76. Commission staff will monitor the utility's 2001 annual report and if 10 percent of meters have not been tested, a Commission staff member may visit the utility to assist utility staff with meter testing.

We are closing the review of your 2000 annual report. Thank you for your efforts in preparing your 2000 annual report. If you have any questions, please feel free to contact me at (608) 267?9198.

Sincerely,

Peter J. Leege Financial Specialist Division of Water, Compliance, and Consumer Affairs

### PROPERTY TAX EQUIVALENT (WATER)

- 1. No property tax equivalent shall be determined for sewer utilities or town sanitary district water utilities.
- 2. Tax rates are those issued in November (usually) of the year being reported and are available from the municipal treasurer. Report the tax rates in mills to six (6) decimal places.
- 3. The assessment ratio is available from the municipal treasurer. Report the ratio as a decimal to six (6) places.
- 4. The utility plant balance first of year should include the gross book values of plant in service, property held for future use and construction work in progress.
- 5. An "other tax rate" is included in the "Net Local and School Tax Rate Calculation" to the extent that it is local. An example is a local library tax. Fully explain the rate in the Property Tax Equivalent schedule footnotes.
- 6. The Property Tax Equivalent to be reported for the year is determined pursuant to Wis. Stat § 66.0811(2). Report the higher of the current year calculation or the tax equivalent reported in the 1994 PSC annual report, unless, the municipality has authorized a lower amount, then that amount is reported as the property tax equivalent.

#### WATER OPERATING SECTION FOOTNOTES

### Water Operation & Maintenance Expenses (Page W-05)

a/c #650 The utility painted the water tower during 2000 which costed \$23,870.

a/c #689 During 1999 the utility had some very expensive water testing performed which they did not have in 2000.

#### **Property Tax Equivalent (Water) (Page W-07)**

Per resolution 2-1999, the Village of Wilson has reduced the property tax equivalent to zero starting in 1999.

#### Meters (Page W-17)

We will once again remind the utility superintendent that Wis. Admin. Code requires the periodic testing of meters.

#### **Hydrants and Distribution System Valves (Page W-18)**

Once again this year we will remind the utility superintendent to operate at least 50% of the distribution valves.
